Die einzelnen Seiten in je sechs Spielkarten zerschneiden.

Spielvarianten

Die verrückten Wortpaare können mit zwei oder mehreren Spielern gespielt werden.

Zufallsvariante mit verdeckten Wortstapeln

Die Spieler ziehen jeweils vom hellblauen und rosa Stapel eine Karte, setzen beide zusammen und lesen das Wortpaar vor bzw. benennen es mit der UK-Hilfe.

Zufallsvariante mit zwei All-Turn-it-Spinnern (ATiS)

Ein ATiS ist mit hellblauen und einer mit rosa Karten bestückt. Die Spieler betätigen beide All-Turn-it-Spinner und kombinieren die erwürfelten Karten. Die Karten können nach der Auswahl vom ATiS entfernt werden, so dass das Spiel zu Ende ist, wenn beide ATiS leer sind.

Zufallsvariante mit verdeckt daliegenden, nach hellblauen und rosa Karten getrennten Mengen

Die Spieler ziehen aus beiden Mengen je eine Karte, legen diese beiden zusammen und lesen sie vor.

Variante mit offen daliegenden, gemischten Karten

Die Spieler suchen sich je eine hellblaue und eine rosa Karte aus, legen beide zusammen und lesen das Wortpaar vor. Welches ist das lustigste Wortpaar in der Runde?

Viel Spaß mit den verrückten Wortpaaren wünscht Angela Hallbauer 😊
